Disqualification Codes

With the software we now use to run our Club Championships and Open meet whenever a competitor is disqualified the reason is reported against the swimmers name using the following set of codes.

Turn	**T**		
Finish	**FI**		
		Arms	A
Stroke	S	Head Position	H
		Legs	L
Start	ST		
Fouling	FO		
Wrong Lane	L		

Where appropriate the length where the disqualification occurred will be included immediately afterwards. If the length was not reported then a default of the first length will be given e.g. 1L.

Examples:

Disqualification code	Meaning
SA 3L	Faulty arms during the third length
ST	Moving at the start
SL 1L	Faulty legs during the first length
