### **Team Unify**

All should have now received an email to verify their email in order to use Team Unify, our new online management system. This is generated by the club and is safe. At present we have 56% of the club who have verified and even have 7 accounts who have downloaded and are using the On Deck App. There is access to 26 Meet results currently.

As we progress more features (more meet results, attendance tracking, payment, and meet entry) will become available on this so it is important that all members verify ASAP.

### **Competition Calendar**

The competition calendar for the remainder of the 2016/17 season is now available. There have been changes already, mainly the addition of some masters meets, please remember this is a working document and to keep an eye on it periodically on the club website.
